WOW! August already. The summer is just flying by. As you know, we have had difficulty in attracting an Activities Director. However, we have had many of you stand up for individual activities. My thanks to you. We have had an eventful year so far and have many events scheduled such as the Picnic, Pelicans baseball, Halloween Party and Murrells Inlet wine and cheese cruise as well as luncheon and car collection with Cape Fear Corvette Club. So with this in mind, kindly start thinking about 2020. We will start listing the first half of the year at the October meeting,

Bob "Vette Gazette" Carey did a magnificent and creative advertisement for the NCM 25th Anniversary. It even included a C8 Corvette to top it off. Great job Bob.

The BOD and members at the last meeting unanimously approved adding "Car Show Director" to the Bylaws. This was a long overdue change. This is a very important position in our club and should be on the BOD to keep abreast of the club's direction and share meaningful information. Also approved was a 1/2 page ad for the NCM 25th anniversary at a donation of \$1000.

We presented a check for \$19,376 to Shepherds Table's Branden Oates and Fostering Hope's Tabby Shelton. All in all a very productive meeting. See ya'll at Blueberry's on the 11th and remember to Save The Wave.....

Regards,
Gerry

BAREFOOT LANDING

Michelle, the events manager, has made arrangements with Barefoot Landing to section off an area in front of the restaurant for us to park our Corvettes. Now that's a spark of class. It was just recently that The Blueberry Grill in Barefoot decided to open their restaurant "after normal hours" to host large groups. She is hopeful that this event will go well so that we might consider this restaurant for future MBCC meetings.

Member cancellations after this date, or members not showing, will be invoiced

So until then...or as I often say:

Well, now that the wait is over, what do you think? As I looked back over my past Vette Gazette collection (back to April 2017) I have put up many articles regarding rumors about the 2019 C7 ZR1 and a possible mid-engine Corvette. As I watched the July 17 event, I was reminded how this model introduction was filled with lots of hype and speculation well in advance of the REVEAL, and never ending spy photos.

I listened to the news commentators talk about the similarities of the demographic that Harley-Davidson and Corvette share. They forebode a possible slip for Corvette sales as is the case for H-D. Let's hope they are wrong.

I liked what I saw, and although I will not be upgrading from my 2015 C7 anytime soon, many current Corvette owners will take a long hard look at these beautiful machines. Zora Arkus-Duntov's dream has become a reality.

I hope that everyone is enjoying this beautiful summer weather. Before you know it, autumn will be here! I would like to announce that plans for the MBCC Halloween Party have been made!

The party will be held on Sunday, October 27th, 2019, at the Elks Lodge located at 606 27th Avenue N, Myrtle Beach, from 6-10 PM. Entry for the event is \$30, which will include a hot buffet and dessert bar, cash bar and music by Miracle Max and the Pet Monsters, one of Myrtle Beach's hottest live bands.

Miracle Max and the Pet Monsters is a 6-piece band, which is one of Myrtle Beach's top live performance bands playing your favorite 80's music. They put on a great show and you can dance the night away. Costumes are not mandatory, but there will be a grand prize for the best costume.

Tickets will be available for purchase at the upcoming meeting or by mail. If you would like to bring guests, you may do so as space permits. Please send me an email or call (631) 553-0122 for any additional information.

Hello Members!

Hope your summers are progressing nicely! Way too hot for me! I will be headed up north after the August meeting. July's meeting was certainly unique. Great food; members coming out of the woodwork....someone asked me for something and I said I would send them an email but promptly forgot what and who.....please, if that member is reading this, email me and I promise I will respond!

We welcomed 8 new members at that meeting:

Raymond & Ruth Pazornick - they own a '61 convertible, live in Little River and hail from Maryland.

John & Nancy LaGreca - they own an '86 convertible, live in MB and hail from Tom's River, NJ.

Christopher Wheeler - wife Mabel could not attend - they have a '73 coupe, live in Murrell's Inlet and hail from Maryland.

Randy Dean - has a '90 coupe, lives in Conway and hails from Maryland.

Kevin & Teresa LaGrevanis - they own '16 convertible, live in Calabash and hail from NJ.

July has also brought us new members Ronald Corra, and Pete and Debra LaBruna

This pushes our active membership to 254 members; 115 family and 26 single.

And, last but so not least - CONGRATULATIONS to Rich & Chickie Kidd for 5 years of MBCC membership!

AND AS USUAL-

If you lose your name badge I can order you another - the cost is \$10.

If you'd like your car model and year added to your name badge, the cost is \$8. I have MBCC cling-ons for your car. They are static plastic - will not inflict any damage! The cost is \$22 for 2. If you are interested in purchasing a set, let me know at penny121@icloud.com. I always have some with me at club meetings, as well as the car stickers (\$3.00).

If you attend club events where everyone will meet and caravan to the particular event, please come with a two-way radio so that you can communicate with others in the caravan, especially the leader. All two-way radios should be tuned to Channel 8. In addition, we now have club shirts that can be worn to group events. You are not required to purchase a shirt, but if you want to, the information will be at the end of the Vette Gazette.

Should there be any changes/corrections to your address, phone number, email, etc., please let me know at penny121@icloud.com so we can keep our roster up-to-date and you don't miss out on any of the fun.

On Thursday, July 18, car enthusiasts across the globe tuned in to see the reveal of Chevrolet's next icon - a mid-engine Corvette. The 2020 "C8" Stingray was debuted live in front of an audience of approximately 1,500 - including members of the media, Bowling Green Assembly and Chevrolet team members, dealers, enthusiasts and even a contingent of National Corvette Museum supporters. It was clear the audience liked what they saw as cheers erupted, and oohs and aahs ensued after each new feature was announced. What's even better? You can own one for less than \$60k. The car will embark on a cross-country tour, giving enthusiasts the chance to see it for themselves. And if you're attending the Museum's 25th Anniversary Celebration, you too will

get the chance to see it, as a large mobile display will be on site showcasing the latest generation.

Everyone still has a chance to visit the Museum at the end of August to see first hand the newest Corvette. In the past, the Museum has had multiple cars on display and we are looking forward to a close "touch and feel" experience. See me at the monthly meeting for more details.

Historical Facts About Our Corvettes

- Corvette got its name from a Corvette, which is a small, maneuverable warship
- About 1.6 million (without 2019 numbers) have been produced since 1953
- 1st and 2nd generation Corvettes became the first truly collectible cars of the modern era
- From 1953 and 1954, all Corvettes were Blue Flame 6 cylinders
- The first triple carburation Corvette was a 1953 Corvette with the Blue Flame Six, a 150 hp, 235 cubic inch motor. It was on all 1953, 1954 and 1955 Blue Flame 6's.
- Tripe carbs with 3 two-barrel carburetors returned as an option on the 1967 427 Tripower big block engines, the L68 with 400 hp and the L71 at 435 hp.
- In 1955, the optional 265 cubic inch small block V-8 made its debut
- 1956 was the debut of the dual-quad carburation system for V8's. 3080 of the 3467 built in 1956 had this option
- In 1957, the 265 engine became the 283 and the top-of-the-range 283 was called the "Fuelie". It was the first ram jet fuel injected system and the first fuel-injected production Corvette
- All Corvettes produced form 1953-1962 were convertibles
- 1957 was the first year a 4-speed manual transmission was offered as an option, costing \$188.30

- The one word "Stingray" reappeared on the fenders of the 1969 model and was used until 1976

Because of your support and willingness to assist and help to overcome a very adventurous start to this year's car show, our show was a great success! The backing of our major sponsors, the continuing support of the local businesses and the generosity of our trophy sponsors and donations givers. Patricia and I had a hard-working team guiding and supporting this event. We achieved our goal in helping our charities, Shepherd's Table and Fostering Hope.

Now for some of the facts concerning the show:

Class	Judged	Not Judged	Non-Reg (Late)	MBCC

C-2	7	0			
C-3	16	1			
C-4	11	1

Totals	174	20	20	72	286

Clubs attending 33 108 members

 Dinners 160

This year's show was a learning experience in many ways. We have already conducted an After-Action review of the event highlighting the good, bad and the ugly. Steps have been put into place to shore the areas of concern; thus putting into place spot checks to help the event be conducted in a more efficient matter.

With the memberships continuing, support for the 25th Annual show will be bigger and better. So, if you have ideas for next year, please feel free to pass them on to us.

Thank you,
