## **Presidents Corner by Gerry Gismondi**

At the July meeting we confirmed that the Club has not had any corona cases. Since then I have not received any notice of same.

The August meeting will again be hosted by Legends Resort. We can accommodate 100 members and still maintain social distancing in their huge meeting room that normally holds over 200. We will be discussing several activities that will sustain social distancing so I hope to see ya'll there and REMEMBER TO SAVE THE WAVE.....

As if things this year cannot be wild and crazy enough I find that we are already preparing for our first storm of the season.

With that in mind please use your resources wisely as each of you are a part of a great club with members who are always ready and willing to lend a hand.

This month we have part two of John Grover's amazing contribution and I am looking forward to whatever else he comes up with!!!!

If you want to get some sticker shock search the used market for a C8. Due to the limited production the pricing has gone to the moon.

Please keep the contributions coming.....

Thank you.

## Donna Mendez - Membership

Hello Everybody!

I am looking forward to seeing our members at the August meeting! Big thanks to Sandy Sparks and Tony Viscomi for taking over the orientation meeting in July for me, as I was away. Congratulations to Steve and Vicki Isaak on their 5 year club anniversary and to Bill and Pat McCriskin on their 10 year club anniversary!!

At our July meeting several new members were welcomed to the club! Sal & Maria Lorello, Jim & Debra Fortina and Fred and Dawn Clemens (Dawn could not attend) were introduced. Let's continue to make our new members feel welcome! There are some great events coming up on the horizon. Let's make sure our new members are included in our fun times at these events. Our current active membership is 266 – 119 family, 24 single and 4 social members. In addition, we are happy to have 8 honorary members.

**REMEMBER:** New members receive their name tags and welcome packet at the monthly meeting after they join. All new members who have not yet attended an orientation and therefore have not received their packets and name tags, can receive them at the August meeting if they attend.

If any members have lost their name tags or have new cars that they would like listed on new tags, new ones can be ordered for \$10; just let me know. I have MBCC cling-ons for sale for your car that are made of static plastic and will not cause any damage to the car. The cost for these is \$22 for 2. I will have the cling-ons and car stickers, which are \$3.00 each, with me at the meetings for purchase.

If you attend a club event where members will caravan, please bring a two-way radio so you can communicate with others. The radios are always tuned to channel 8.

If there are any changes to your address, phone number or e-mail, please let me know. As we are starting to proceed slowly with our new normal, I would hate to have you miss a notification of upcoming fun events or cancellations because we do not have your updated contact information. I can be reached at 732-604-1848 or at [dmendez2@comcast.net](mailto:dmendez2@comcast.net). Please feel free to contact me with any questions, changes or concerns. Stay healthy, keep those masks handy and see you soon!

## Ron Kocheran - NCM Ambassador

There are some Museum events, and a plant car shown on the calendar for 2021.

Plant tour startup date unknown at this point. I'm sure our activities committee will have some announcements soon regarding our clubs' interest in attending. Stay tuned!

As always, check out the NCM upcoming lotteries. Hey you never know.

### **The History of the Myrtle Beach Corvette Club** **As of April 14, 2020**

The following information comes from Tom Russo, Brenda Quincannon and Bob Lang, all founding members of our Myrtle Beach Corvette Club.

The original discussion on forming a Corvette club began in the fall of 1996 with a few Corvette owners who were friends, primarily because of their ownership of their Corvettes. At that time there was no Corvette Club in the Myrtle Beach area. The initial discussions revolved around the rollout of the fifth generation Corvette (C5) which was scheduled for January 1997. Along with the excitement of a 5<sup>th</sup> generation C-5 Corvette was concern the National Corvette Museum was about to fold due to its inability to meet its debt obligations. According to Tom Russo, a founding member of MBCC, our small group, along with other Corvette enthusiasts from across the nation who were connected through internet forums such as Vettenet, picked up on the financial difficulties of the NCM and decided to show their support, travel and participate in the C5 rollout set in Bowling Green at the museum in January 1997.

From this gathering our group returned and officially the Myrtle Beach Corvette came into existence in January of 1997. Their first meeting was held at the Holiday Inn West, off Hwy. 501 next to the Intracoastal Waterway. According to Tom and Bob, the excitement of the C-5 rollout was the impetus for forming. "The club also developed its logo, based on its origins during the birth of the C5 generation... thus the emphasis on the C5 logo. A race themed club shirt was selected that was white with black and white squares and trimmed in red. Ladies had a "special" ladies cut shirt to match that of the guys." Some of the founding members were Brenda & Mike Quincannon, Janie and Jim Woods, Betty & Bob Lang, Larry and Lee Parks and Tom Russo. There were about 13 car owners and approximately 20-25 members who formed MBCC as a social club. By the end of 1997 MBCC had some 40 members.

Tom has written of the existence of a previous MBCC. He writes of the new club members "This group knew others including members of the former MBCC club. Its members quit because its leadership restricted its activities to racing and not all members were into racing. It was out of this sentiment that grew the multi-purpose mission for the re-organization of MBCC. Our interest was threefold: organize social events around the Corvette hobby; include events such as caravans to the NCM; and provide a forum where members could work with one another toward the maintenance and preservation of their Corvettes." Out of this the club adopted their mission of supporting children in need in Horry County.

Establishing the Corvettes at NASCAR became our first formal event and the first car show was held in October of 1997 at the NASCAR Café. "The goal was, I believe, 60 cars and seems we had just shy of 50. It grew quickly and I recalled the goal set at 100 in year 3 or 4. We reached 90 and were ecstatic but space had become an issue."

## Jeff Estes - Burky's Grill Cruise In

We had a good turn-out at our cruise-in at Burky's on Saturday, 7/25. 12 club members were present with 10 cars. We had several people to come-by and look and ask questions about our Vettes.

Thanks to everyone who attended and for the donations made to our Charities. Both really need our help this year. Our donations are lower this year due to not having our large fund raising Annual Car Show due to COVID-19. The golf tournament in the Fall will hopefully provide much needed contributions.

Jeff Estes
